

CHILD WELFARE AND PROTECTION POLICY 2005

Kitsune Gari is a member of the British Judo Council (BJC) and, in line with the Council, places the welfare and protection of children involved in its activities above all other considerations.

It is the policy of the Council to safeguard the welfare of children and all others involved in its activities by protecting them from physical, sexual and emotional harm.

To this end, the club and its organisers, coaches and other members will adhere to the BJC Policies and Guidelines concerning the welfare of its junior members.

This Club is fully committed to safeguarding the well-being of all its members, particularly children. Volunteers should, at all times, show respect and understanding for the rights, safety and welfare of others and conduct themselves in a way which reflects the principles of the British Judo Council.

All children deserve the opportunity to reach their full potential. This Club works through the values and principles of Judo to ensure that children have the opportunity to:

Be physically and mentally active

Gain maximum benefit from good quality instruction

Practice Judo in an environment that is safe from harm

Experience emotional well being and feel valued

Have a positive self image of themselves and develop confidence in social situations

The BJC guidelines are available to all club members and parents of junior members and further advice is available through the Chairman or Child Protection advisor.
